WHO WILL FOLLOW THIS NOTICE

This notice describes the information privacy practices followed by our employees, staff and other personnel.

YOUR HEALTH INFORMATION

This notice applies to the information and records we have about you, your health, health status, and the health care and services you receive from South Portland Surgical Center. Your health information may include information created and received by South Portland Surgical Center, may be in the form of written or electronic records or spoken words, and may include information about your health history, health status, symptoms, examinations, test results, diagnoses, treatments, procedures, prescriptions, related billing activity and similar types of health-related information.

We are required by law to give you this notice. It will tell you about the ways in which we may use and disclose health information about you and describes your rights and our obligations regarding the use and disclosure of that information.

HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU

We may use and disclose health information for the following purposes:

- **For Treatment.** We may use your health information to provide you with our professional services. We have established “minimum necessary or need to know” standards that limit various staff members’ access to your health information according to their primary job functions. Everyone on our staff is required to sign a confidentiality statement.

Different personnel in our organization may share information about you and disclose information to people who do not work for South Portland Surgical Center in order to coordinate your care, such as phoning in prescriptions to your pharmacy or coordinating surgical instrumentation and supplies. Family members and other health care providers may be part of your medical care outside this facility and may require information about you that we have. We will request your permission before sharing health information with your family or friends unless you are unable to give permission to such disclosures due to your health condition.

- **Emergencies.** We may use or disclose your health information to notify, or assist in the notification of a family member or anyone responsible for your care, in case of any emergency involving your care, your location, your general condition or death. If at all possible we will provide you with an opportunity to object to this use or disclosure. Under emergency conditions or if you are incapacitated, we will use our professional judgment to disclose only that information directly relevant to your care. We will also use our professional judgment to make reasonable inferences of your best interest by allowing someone to pick up filled prescriptions, x-rays or other similar forms of health information and/or supplies unless you have advised us otherwise.
- **For payment.** We may use and disclose health information about you so that the procedures or services you receive at South Portland Surgical Center may be billed and payment may be collected from you, an insurance company or a third party.

For example, we may need to give your health plan information about a procedure you received here so your health plan will pay us or reimburse you for the procedure. We may also tell your health plan about a procedure you are going to receive to obtain prior approval or to determine whether your plan will pay for the procedure.

- **For Health Care Operations.** We may use and disclose health information about you in order to keep our facility operable and make sure that you and our other patients receive quality care.

For example, we may use your health information to evaluate the performance of our physicians and staff in caring for you. We may also use health information about all or many of our patients to help us decide how we can become more efficient, or whether certain new treatments are effective.

We may also disclose your health information to health plans that provide you insurance coverage and other health care providers that care for you. Our disclosures of your health information to plans and other providers may be for the purpose of helping these plans and providers coordinate care, reduce cost, train staff and comply with the law.

SPECIAL SITUATIONS

We may use or disclose health information about you for the following purposes, subject to all applicable legal requirements and limitations:

- **To Avert a Serious Threat to Health or Safety.** We may use and disclose health information about you when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person.
- **Required By Law.** We will disclose health information about you when required to do so by federal, state or local law.
- **Research.** We may use and disclose health information about you for research projects that are subject to a special approval process. We will ask you for your permission if the researcher will have access to your name, address or other information that reveals who you are, or will be involved in your care at the office.
- **Military, Veterans, National Security and Intelligence.** If you are or were a member of the armed forces, or part of the national security or intelligence communities, we may be required by military command or other government authorities to release health information about you. We may also release information about foreign military personnel to the appropriate foreign military authority.
- **Workers' Compensation.** We may release health information about you for workers' compensation or similar programs. These programs provide benefits for work-related injuries or illness.
- **Public Health Responsibilities.** We will disclose your health care information to report problems with products, reactions to medications, product recalls, disease/infection exposure and to prevent and control disease, injury and/or disability.
- **Health Oversight Activities.** We may disclose health information to a health oversight agency for audits, investigations, inspections, or licensing purposes. These disclosures may be necessary for certain state and federal agencies to monitor the health care system, government programs, and compliance with civil rights laws.
- **Lawsuits and Disputes.** If you are involved in a lawsuit or a dispute, we may disclose health information about you in response to a court or administrative order. Subject to all applicable legal requirements, we may also disclose health information about you in response to a subpoena.
- **Law Enforcement.** We may release health information if asked to do so by a law enforcement official in response to a court order, subpoena, warrant, summons or similar process, subject to all applicable legal requirements.
- **Abuse or Neglect.** We may disclose your health information to appropriate authorities if we reasonably believe that you are a possible victim of abuse, neglect, or domestic violence or the possible victim of other crimes. This information will be disclosed only to the extent necessary to prevent a serious threat to your health or safety or that of others.
- **Information Not Personally Identifiable.** We may use or disclose health information about you in a way that does not personally identify you or reveal who you are.
- **Family and Friends.** We may disclose health information about you to your family members or friends if we obtain your verbal agreement to do so or if we give you an opportunity to object to such a disclosure and you do not raise an objection. We may also disclose health information to your family or friends if we can infer from the circumstances, based on our professional judgment that you would not object. For example, we may assume you agree to our disclosure of your personal health information to your spouse when your spouse is with you in the pre-operative room while your treatment is discussed.

OTHER USES AND DISCLOSURES OF HEALTH INFORMATION

We will not use or disclose your health information for any purpose other than those identified in the previous sections without your specific, written *Authorization*. If you give us *Authorization* to use or disclose health information about you, you may revoke that *Authorization*, **in writing**, at any time. If you revoke your *Authorization*, we will no longer use or disclose information about you for the reasons covered by your written *Authorization*, but we cannot take back any uses or disclosures already made with your permission.

YOUR PRIVACY RIGHTS AS OUR PATIENT

You have the following rights regarding health information we maintain about you:

- **Right to Inspect and Copy.** Upon written request, you have the right to inspect and get copies of your health information (and that of an individual for whom you are a legal guardian.) There will be some limited exceptions. If you wish to examine your health information, you will need to complete and submit an appropriate request form. Please contact our Privacy Officer for a copy of the Request Form. You may also request access by sending us a letter to the address at the end of this Notice. Once approved, an appointment can be made to review your records. Copies, if requested, will be \$1.00 per page for the first 100 pages and \$.25 per page thereafter, plus a \$10 search fee per request. If you want the copies mailed to you, postage will also be charged. If you prefer a summary or an explanation of your health information, we will provide it for a fee. Please contact our Privacy Officer for a fee and/or for an explanation of our fee structure.

We may deny your request to inspect and/or copy your record or parts of your record in certain limited circumstances. If you are denied copies of or access to, health information that we keep about you, you may ask that our denial be reviewed. If the law gives you a right to have our denial reviewed, we will select a licensed health care professional to review your request and our denial. The person conducting the review will not be the person who denied your request, and we will comply with the outcome of the review.

- **Right to Amend.** If you believe health information we have about you is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment as long as the information is kept by the South Portland Surgical Center.

To request an amendment, please contact our Privacy Officer for a **MEDICAL RECORD AMENDMENT/CORRECTION FORM** and submit it to the South Portland Surgical Center Privacy Officer.

We may deny your request for an amendment if your request is not **in writing** or does not include a reason to support the request. In addition, we may deny or partially deny your request if you ask us to amend information that:

- We did not create, unless the person or entity that created the information is no longer available to make the amendment
- Is not part of the health information that we keep
- You would not be permitted to inspect and copy
- Is accurate and complete

If we deny or partially deny your request for amendment, you have the right to submit a rebuttal and request the rebuttal be made a part of your medical record. Your rebuttal needs to be 3 pages or less and we have the right to file a rebuttal responding to yours in your medical record. You also have the right to request that all documents associated with the amendment request (including rebuttal) be transmitted to any other party any time that portion of the medical record is disclosed.

- **Right to an Accounting of Disclosures.** You have the right to request an “accounting of disclosures.” This is a list of the disclosures we made of medical information about you for purposes other than treatment, payment, health care operations, when specifically authorized by you and a limited number of special circumstances involving national security, correctional institutions and law enforcement.

To obtain this list, you must submit your request **in writing** to the South Portland Surgical Center Privacy Officer. It must state a time period, which may not be longer than six years. Your request should indicate in what form you want the list (for example, on paper, electronically). We may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

- **Right to Request Restrictions.** You have the right to request a restriction or limitation on the health information we use or disclose about you for treatment, payment or health care operations. You also have the right to request a limit on the health information we disclose about you to someone who is involved in your care or the payment for it.

We are not required to agree to your request. If we do agree, we will comply with your request unless the information is needed to provide you emergency treatment or we are required by law to use or disclose the information.

We are required to agree to your request if you pay for treatment, services, supplies and prescriptions “out of pocket” and you request the information not be communicated to your health plan for payment or health care operations purposes. There may be instances where we are required to release this information if required by law.

To request restrictions, you must submit **in writing** a letter of REQUEST FOR RESTRICTION ON USE/DISCLOSURE OF MEDICAL INFORMATION And/OR Confidential Communication to the South Portland Surgical Center Privacy Officer.

- **Right to Request Confidential Communications.** You have the right to request that we communicate with you about medical matters in a certain way or at a certain location. For example, you can ask that we only contact you at work or by mail.
- **Right to a Paper Copy of This Notice.** You have the right to a paper copy of this notice. You may ask us to give you a copy of this notice at any time. Even if you have agreed to receive it electronically, you are still entitled to a paper copy. [*You may also find a copy of this Notice on our web site.*]
